

Stevens Creek Watershed Summit Post-Summit Activities and Site Visits

McClellan Ranch Preserve - Friday, March 27 from 9:00 a.m. to 12:00 p.m.

Join Grassroots Ecology in our ongoing habitat restoration at McClellan Ranch Preserve in Cupertino! We will spend our time together weeding invasive plants like thistle and mustard. Volunteers should expect to walk off trail on uneven ground, kneel or sit on kneeling pads, use hand tools and body tools, and carry buckets.

Alameda Creek Fish Ladder Success - Saturday, April 4 from 9:00 a.m. to 12:00 p.m.

Join Steven Cochrane, Volunteer and Stewardship Coordinator for Alameda Creek Alliance for a site visit to the new fish ladder installed at the rail line in Fremont on Saturday, April 4 from 9:00 a.m. to noon. Participants should view the video (link below) about the barrier removal prior to the site visit. To sign up for the tour please email Steven Cochrane at www.alamedacreek.org.

He will provide an overview of the watershed, the fish ladder saga and how it solved a key barrier issue along Alameda Creek. Meeting location Rancho Arroyo Park, Montecito Drive; lawn; Fremont (Niles District). The fish ladder is approximately a 10-minute walk along a levee from the meeting location.

Restoring Anadromous Fishes in Alameda Creek (view before the site visit)

Seniors at McClellan Ranch Preserve - Tuesday, April 7 from 10:00 a.m. to 12:00 p.m. Seniors age 65 and older join Grassroots Ecology in our ongoing restoration of the meadow at McClellan Ranch Preserve in Cupertino! We will pull weeds growing around our new planting areas. Volunteers should expect to walk paved and unpaved surfaces, kneel or sit on kneeling pads, and use hand tools. Paths and work areas are flat. Stay for as long or short as you would like!
